Graduate Coursework Curriculum Breakdown

Every course taken for a master's degree must have a graduate course number (500+). You will not receive graduate credit for courses at the 400-level or below. You may take courses at the 400-level or below, but the courses will not count toward your degree. When courses are double listed under both 400-level and 500-level numbers, always take the 500-level section. Courses at the 600- or 700-level are usually for doctoral students and require permission from your faculty advisor and the instructor of the course. You may take 600-level courses, but check first with the instructor or your faculty advisor. The MM degree in Music is accredited through the National Association for Schools of Music (NASM) and meets the curricular requirements as indicated below.
