## Your Degree Guide, Timeline and Best Practices

### Academic Advising

Dr. Joshua Palkki will serve as your faculty advisor and can assist you with coursework selection. Additionally, the School of Music, Dance and Theatre Office of Academic Affairs will assist you with filing your plan of study and can be reached by contacting Julie Krause (Julie.A.Krause@asu.edu)

### MDT Graduate Student Resource Site

Enroll in the [MDT Graduate Student Resources site](#). The site is where you can find your handbooks, academic forms, and other important information related to your studies.

### Student Handbooks

There are student handbooks that you should reference throughout your degree. Your handbooks are meant to help you understand various policies and procedures required for your studies.

- The Graduate Music Handbook
- The [ASU Graduate Policies and Procedures](#) Handbook
- Students with a TA should also review the [TA/RA Policies and Procedures](#) Handbook through the ASU Graduate College

### Tips on Selecting Coursework

Each semester, the courses offered in musicology (MHL) and music theory (MTC) are listed on the student canvas site. Courses are offered on a rotational basis and are not necessarily offered every semester. The MTC courses are identified as either an analytical or non-analytical course. Refer to the MDT Graduate Student Resources Canvas site for the most current list of course offerings.

### Degree Requirements

All work toward a master's degree must be completed within six consecutive years from the semester of entry.

- Take and pass all of the coursework required for your degree and concentration.
- File a Plan of Study (mid-point of your studies, by the end of the second semester of coursework) via the interactive iPOS system located on your My ASU page. You should also have an approved supervisory committee.
- Successfully pass the Keyboard and Musicianship Exam by the end of the third semester.
- Successfully give two conducting recitals as approved by your committee.
- Successfully pass the written exam during the your final semester of study.

### Graduate Coursework

Every course taken for a master's degree must have a graduate course number (500+). You will not receive graduate credit for courses at the 400-level or below. You may take courses at the 400-level or below, but the courses will not count toward your degree. When courses are double listed under both 400-level and 500-level numbers, always take the 500-level section. Courses at the 600- or 700-level are usually for doctoral students and require permission from your faculty advisor and the instructor of the course. You may take 600-level courses, but check first with the instructor or your faculty advisor.
